FIG. 10

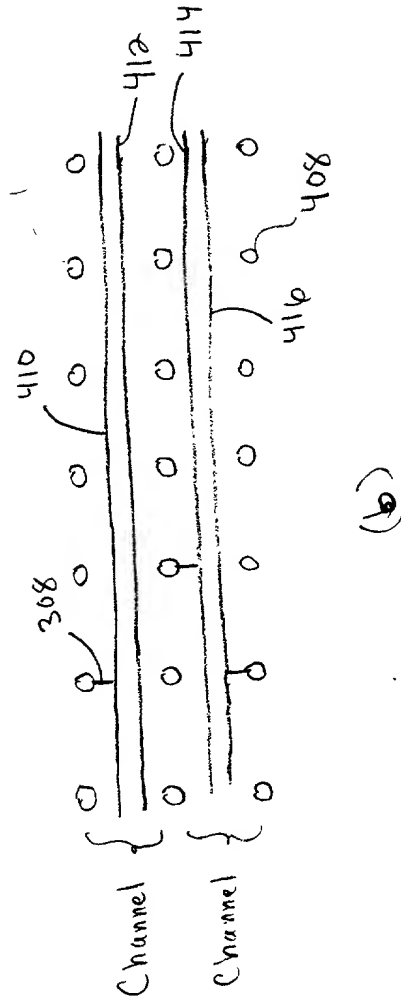

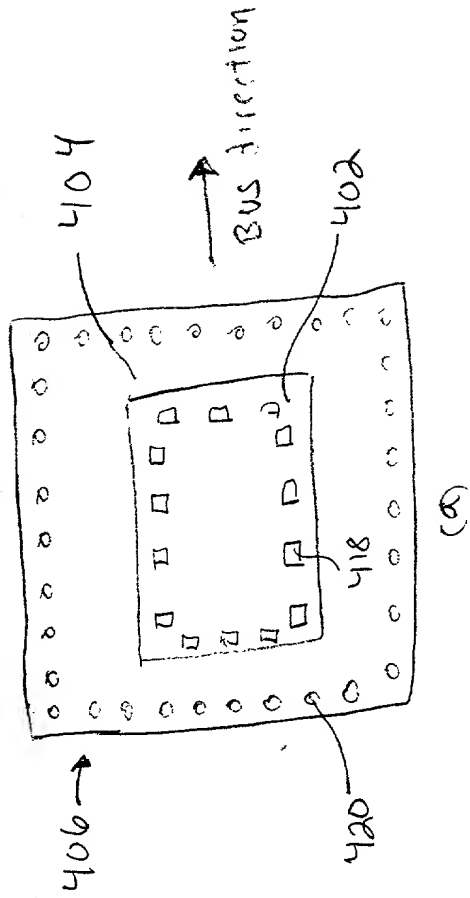

Fig. 11

A hand-drawn schematic diagram of a multi-layered structure. It consists of three main rectangular layers stacked vertically. The top layer is labeled '512' with a dashed line pointing to it. The middle layer is labeled '514' with a dashed line pointing to it. The bottom layer is labeled '516' with a dashed line pointing to it. The layers are connected by vertical lines, and there are additional horizontal lines within the middle layer, suggesting internal structure or connections.
